Dear Dr. Tschetter; Dr. Moehler; Dr. West; Dr. Hammer; Dr. Osmundson; Dr. Thomas; Dr. Dirks;  
Dr. Geraetes; & Dr. Eide:

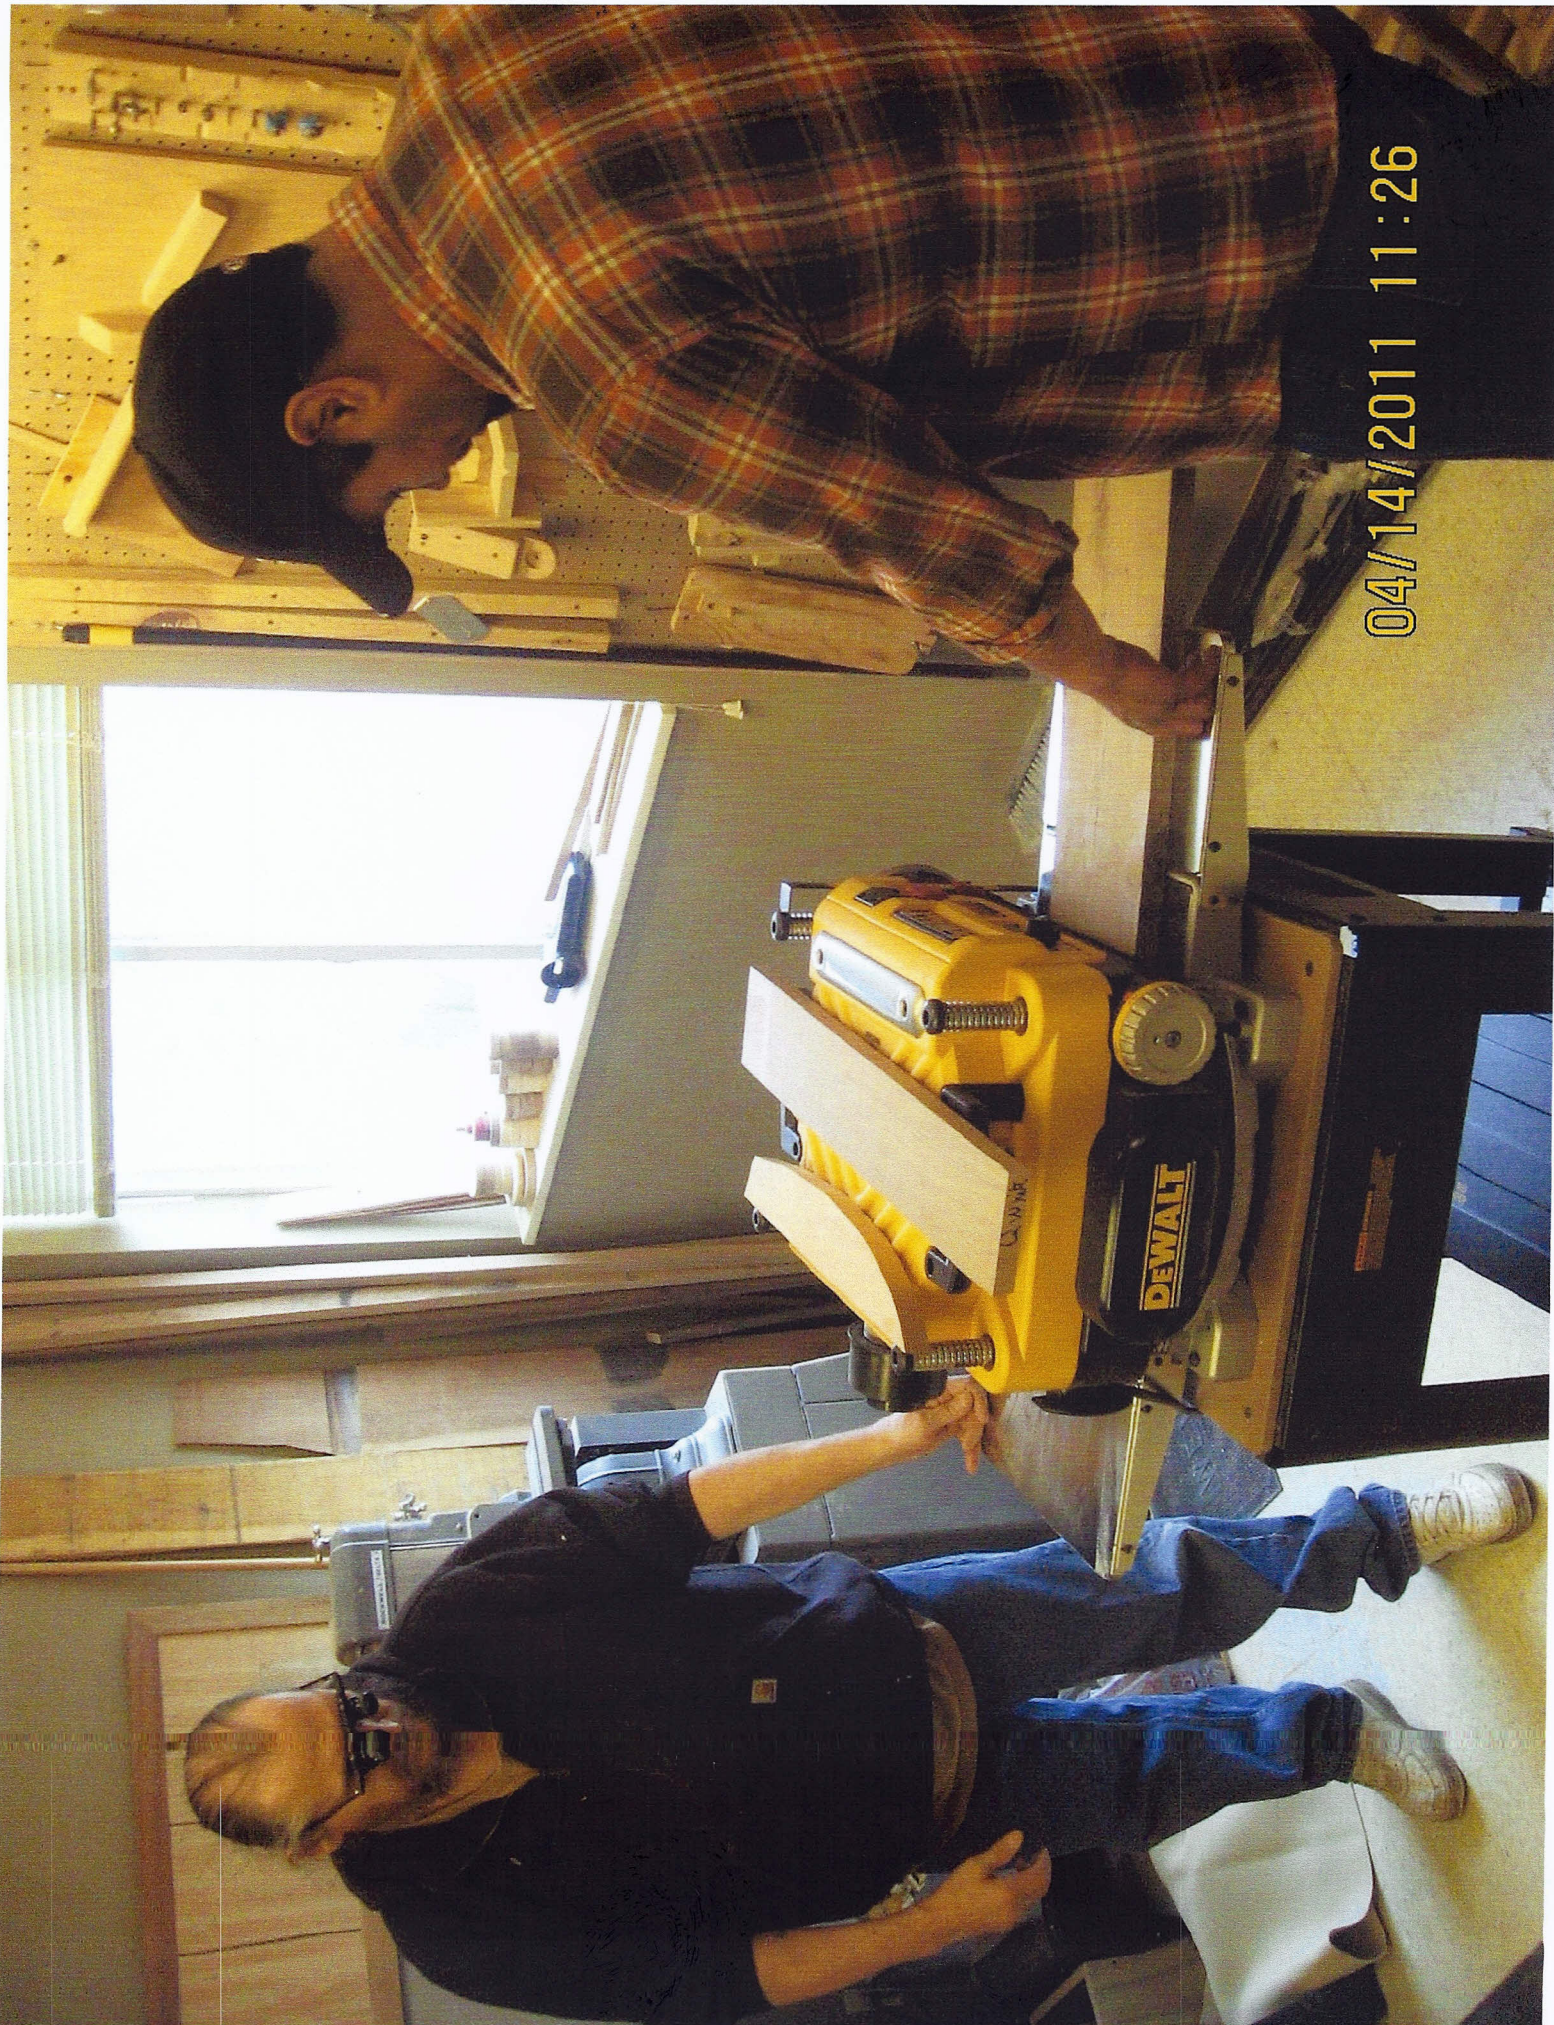

The South Dakota Rehabilitation Center for the Blind (SDRC) would like to thank you for the donation of the wood planer for the Home Mechanics Area. This piece of equipment will be utilized to improve the training opportunities of our wood working area at SDRC. Teaching non-sighted woodworking skills is a technique commonly used in training centers across the country to build confidence in an individual's ability to perform all tasks non-sighted and gain confidence in their ability to live and work independently.

Again, thank you for your generosity of a wonderful gift. Please feel free to contact me if you would like a tour of the SD Rehabilitation Center for the Blind and learn about the training available through the SD Service to the Blind and Visually Impaired, Rehabilitation Center for the Blind.

Thank you  
Sincerely yours,

Dawn Backer,  
Manager
